THE FIREMEN'S CHOICE!

BY THE REQUEST OF MANY MEMBERS OF THE PORTLAND FIRE DEPARTMENT,

I am a Candidate for

Assistant Engineer!

A. WENDT,

Of Multnomah Engine Company No. 2. oct7d1tel

By Overland Telegraph.

[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 20.

EASTERN STATES.

Dispatch from St. Paul.

ST. PAUL, Oct. 19.—Gen. Lomer, arriving from Fort Garry, reports intense excitement at Winnipeg on account of the recent gold discovery at Lake Shabondawin. Specimens of dust, nuggets and quartz have been brought to Winnipeg. Hundreds are rushing to the new gold field.

From New Orleans.

NEW ORLEANS, Oct. 19.—The bank box of Hall & Comstock, containing $60,000 in securities, was stolen to-day.

A wagon load of Union torpedos exploded on the street this morning. The driver was killed and several passers-by were injured. Windows in the vicinity were shattered by the concussion. A house and saloon were demolished. The vessel which has 200 cases on board was ordered off.

New York News.

NEW YORK, Oct. 19.—The *Times* publishes a complete exhibit of the city debt, showing the amount to be $141,170,000.

The largest engine of the Chicago water works commenced pumping yesterday. There is now a fair supply in the hydrants.

The Sanitary Committee of the Board of Health have reported against allowing cargoes of rags from countries where the cholera prevails to be landed without disinfection.

Tammany circles are excited over the decision of Charles O'Conor to assist in prosecuting the ring thieves.

Miscellaneous News.

AUGUSTA, Oct. 19.—A severe shock of earthquake was felt here at 5 P. M., lasting 10 or 12 seconds.

LEAVENWORTH, Oct. 19.—Camps for grading parties on the Leavenworth and Denver Railroad have been established near here. Contractors expect to make surprising speed.

DETROIT, Oct. 19.—Intelligence is received here of the picking up of two more boats of the steamer *Colburn*, with 18 persons. Twenty persons are still missing. Among the lost are also several women.

SHREVEPORT, La., Oct. 19.—The Railroad Convention met yesterday and was largely attended. The proceedings were harmonious. Delegates represent St. Louis, Memphis, Vicksburg, Kansas, Arizona, New Mexico, Texas and Louisiana. Reports were read favoring the early completion of the Southern Pacific Railroad. The Convention adjourns to Marshall on Saturday.

ST. PAUL, Oct. 19.—Gens. Carley, one of the leaders of the late Fenian descent upon Manitoba, arrived yesterday and was immediately arrested. Gen. Carley, like O'Neill who was arrested Monday, declares that the Fenian raid was no raid, but merely a colonization scheme. The colony could have successfully resisted Col. Wheaton, if disposed.

PROVIDENCE, R. I., Oct. 19.—Hon. Sylvester Mowry of Arizona, died at London, England, on Tuesday last.

BY ATLANTIC CABLE.

Aid for Chicago.

LONDON, Oct. 19.—Up to last night subscriptions at the Mansion House for Chicago, amounted to thirty thousand pounds; at Manchester eight thousand pounds, and Kidderminster three thousand pounds.

Miscellaneous European News.

NEW YORK, Oct. 19.—A London correspondent writes that an alliance has been effected with certain members of the Paris army and representatives of the working classes. The object is to overthrow the present Government. The Commune principle prevails.

The same writer hinted that the condition of the Queen was such that she may die at any moment.

French Affairs.

PARIS, Oct. 19.—Victor Place has been honorably acquitted of the charges of fraud in purchasing arms while Consul at New York.

The Government directs that military and naval forces be not the object of Bohapatist distinctions are feared.

The court martial for the trial of the Communists sentenced 19 and acquitted 9,000.

Condition of Persia.

LONDON, Oct. 19.—Advices from Teheran, Persia, show that the country is still suffering from famine and pestilence.

France and Germany.

BERLIN, Oct. 19.—The Emperor has approved the treaty with France. Ratifications will be formally exchanged on Saturday.

Parliament organized to-day. Simpson was re-elected President.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, October 20.—A private dispatch says the Folsom lottery is being drawn to-day. Very few of the tickets were sold in San Francisco.

The Brooklyn lottery tickets are selling here freely and that will probably be the next one drawn. The proceedings brought to stop it have been discontinued, or at least they are not being pushed.

Col. A. W. Von Schmidt has received from Washington a patent for his improvement in removing submarine rocks, the same by which he moved Blossom Rock from San Francisco harbor, and which is to be employed in removing Hell-gate rocks of New York.

A moiety of the extra pay promised to the National Guard from San Francisco, who participated in the Amador campaign, has not yet been received, and a meeting of the claimants was held last night to consider the matter. The following resolution was adopted:

Resolved, That Col. Harnes be requested to ask M. S. Latham what time the money will be paid to the battalion, and if not informed by Monday next, the battalion shall deem it refused. No evasion will be entertained.

BY STATE TELEGRAPH.

Dispatches from Albany

ALBANY, October 20.—On last Tuesday night, as the family of J. W. McKnight, who were moving to Eastern Oregon, were camped at Fish Lake on the Willamette Valley and Cascade Mountain road, a young man named Alvin McKnight, aged 18 years, attempted to take a test in which was rolled a loaded gun, from the wagon, and in some manner the gun was discharged, killing young McKnight almost instantly.

The Circuit Court commences next Monday with one murder, two assault, four liquor and ten divorce cases, besides many civil cases.

James W. Parker, who has just served a two years term in the penitentiary, has been sent to the Insane Asylum from this county.

THE "HEATHEN CHINEE."—This persecuted individual comes out with dollars instead of brickbats, when the Chicago calamity is laid before him. The San Francisco *Alta* has this:

In one case an intelligent merchant said to the collector: "Me leades in *Alta* Melican man town all the same hap gone—burnee up. Melican man wantee dollar; some time poor Melican man strikee Chinaman with bloke; Chinaman no cash. Allee people Chicago losee everything—wifee and children burn out. Chinaman say allee same my countree peoplee—wantee helpee. How muchee dollar you wantee? Hundlee dolla? Allee lite; you not find enough money o'mee me again, give another hundlee."

The contributions thus given by the merchants reached $1,299. Not bad for the "Heathen Chinee."

Have the class of beings in human form who beat and maltreat the Chinese, given one dollar to the relief of the Chicago people in their terrible distress?

The Committee of Inspection of Sewers, says a New York dispatch of the 13th, yesterday stated that they had not been paid since July; that the pay-rolls were purposely kept back by the "ring" in order to hold them to suit of violence. The pay of sinecures, discharged from the Controller's office yesterday, amounts to $200,000 annually.

THE CHICAGO FIRE.

About five-eighths of Chicago's business property was burned over, and seven-eighths of all its value destroyed.

The Milwaukee firemen, arriving fresh on the ground, by dint of tremendous efforts, saved the shops and freight houses of the Chicago and Northwestern railway, and a large amount of other valuable property.

Many engines of the Chicago Department were burned in the streets, among them "Long John." Peter Palmer has lost all and is covered with debts, having borrowed money largely in Europe to further his enterprise in his chosen city.

The front walls of the Court House remain, a dismal ruin, while the main portion is destroyed, with the entire contents, county and Court records. The cells of the prisoners confined in the county jail, under the Court House, were unlocked long before the fire reached the building, and their occupants set free.

The great conflagration that has devastated Chicago, commenced on Sunday night, the 8th inst., at the corner of Twelfth and DeKoven streets, by a cow kicking over a lamp in a small barn where a woman was milking. The wind was blowing a hurricane from the South at the time, and the fire spread with inconceivable rapidity towards the heart of the city.

A dispatch from Chicago dated last Sunday, says: The Sabbath has been recognized in a marked manner in all the churches left standing. In many instances two and three congregations of different religious tenets have worshipped at the same edifice at different hours. A marked religious feeling prevailed among the worshippers. Of course the theme of all the preachers was the great calamity. All spoke hopefully of the future of Chicago, both in her material and spiritual growth.

CURRENT NOTES.

The Molino Plow Company have made 20,000 plows and 7,000 Western cultivators this season.

John Taylor & Sons, of England, employ 25,000 men in their mines in Great Britain, besides those working in their mines in other parts of the world.

The recent census thus classifies the population of San Francisco: Native, 76,793; foreign, 78,720; white, 136,059; colored, 1,341; Indian, 55; Asiatic, 12,018. Total, 149,473.

From the 1st January to the 1st October 60,642 immigrants landed at New York. German immigrants were landed at this port. The number for the corresponding period of last year was 69,786.

According to the Bureau of Statistics, petroleum was the third article of export from the United States during the last fiscal year, and was only exceeded by breadstuffs and cotton. The value of the petroleum exported amounted to nearly $38,000,000.

Much apprehension regarding the condition of the Louisiana coast levees exists in New Orleans. A committee from the river parishes have been urging repairs, as the levees are cracked and crumbling to an extent that threatens the destruction of the sugar region this winter.

The importation of valuable articles through the mails and evasion of the Customs Revenue laws has been the subject of consideration at the Treasury Department for some time. To what extent the Government has been defrauded it is impossible to say, but the practice of sending diamonds by letter from Europe to this country, it is known, has existed for some time past. The Secretary of the Treasury will submit to the Postmaster General, in a few days, a system of regulations for the protection of the Government.

THE TERRITORIES.

George A. Eades has been appointed Collector of Customs for the district of Alaska, vice Wm. Kapus, resigned.

The Lewiston *Journal* states that over one hundred settlers have gone into Idaho north of that place during the last few weeks and settled on the public lands.

The Empire mine now yields the richest ore taken out of Owyhee. A considerable portion of it is almost pure silver, with traces of gold. Mickey & Co. are the owners.

We hear that Judge Kennedy, of Washington Territory, has resigned, and it is rumored that Leander Holmes will be appointed to take his place. Judge Kennedy is in the Walla Walla district.

The latest advices from Utah indicate that everything is quiet on the Great Salt Lake. Brigham is surrounded by his wives, who declare that if he must go to jail they will share his couch. The authorities are alarmed, and think of enlarging the Territorial prison.

The Owyhee *Avalanche* insists that as soon as the South Mountain mining district becomes known to the outside world, it must inevitably create one of the greatest mining excitements heard of since the days of '49. It adds: A large number of our citizens, many of them old and experienced quartz miners, have visited South Mountain within the past few days, and confess themselves both surprised and astonished at the number, magnitude and richness of the ledges, some of which are fifty feet in width and can be traced for miles. The ore is argentiferous galena, and contains all the elements necessary for successful smelting and reduction. People, who have been in every mining camp on the Pacific coast, declare that South Mountain surpasses them all. The district is about thirty-five miles south of Silver city.

OREGON.

Ward committees have been appointed at Salem to solicit aid for Chicago.

A mowing mill seating $15,000 is nearly completed at La Grande. Other valuable buildings are going up.

Seeding for fall wheat is fast progressing in Linn county. A much greater breadth of land will be sown this fall than last.

An Albany paper learns that the Eugene people will refuse to pay their railroad subscriptions, alleging that the contract is void because the machine shops are to be located at Junction City instead of Eugene.

The *Statesman* mentions the case of a woman with six little children at Salem entirely destitute. And the worst of it is that the mother is too sick to rise from her bed. Her little children, hungry and nearly naked, were around her, and the appearance on entering is said to have been pitiful in the extreme.

POLITICAL NOTES.

Ex-Congressman Higby is among the candidates for U. S. Senator in California.

San Francisco now has 5 Senators and 13 Representatives in the Legislature. But in the next Legislature, under the new apportionment, she will have 11 Senators and 22 Assemblymen—a prodigious political power.

The Albany *Democrat* says that "the elections which which came off in Pennsylvania, Ohio and Iowa last week, are simply a repetition of our late California disaster, which disaster is a natural consequence of cowardly platforms and policy candidates."

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

Statement of Losses in Chicago.

CHICAGO, Oct. 20.—The *Tribune* this morning publishes an exact statement of the number of buildings destroyed by the great fire, with a careful estimate of the number of people rendered homeless; and an estimate of what is left. The total area of the city is stated to be over 23,000 acres, including the annexed territory west of Western avenue, and the total number of buildings before the fire was about 60,000. On the South Side the fire destroyed nearly everything in the First and Second Wards, and a portion of the northwest corner of the Third Ward. Its southern limit on Michigan avenue was Congress street. On Clark, Harrison and Wells streets, to a point below Polk, the area of the burnt district is 450 acres. There were destroyed 3,600 buildings, including 1,000 stores, 26 hotels and 60 manufacturing establishments; 21,000 persons were turned out of homes, the greater number of whom lived in the Second Ward west of State street, where they were closely packed. Residents in the First Ward generally lived in hotels or furnished rooms, except where many poor families were congregated.

On the North Side 1,300 acres were burnt, out of 2,500 acres in that division; leaving intact a small portion on Kenzie street near the river, and several houses north of the division and west of Orchard street, including some of the better settled districts up Clayborne avenue. The total number of buildings destroyed is 10,000; including 100 manufactories. About 70,000 persons are deprived of homes and are sojourning on the West Side, or have left the city. Out of a population of 77,000 only 7,000 have houses which they can claim as their own, and there are not over 600 hours standing. The district burned over embraced much of the settled area of the north division. The extent of ground burned over in the west division was not great, not over 100 acres, and while much of that was occupied by lumber yards, the people who did live there were closely packed together. Between 1,000 and 2,000 people dwelt there. The value of the houses destroyed was comparatively light, being nearly all frame buildings.

More Subscriptions.

NEW YORK, Oct. 18.—Boston yesterday added $10,000 to the Chicago contributions.

Appeals for aid for the sufferers in Wisconsin and Michigan continue to be made. Contributions in response thereto are liberal. Besides money clothing is being solicited. The Chamber of Commerce has already contributed money to the amount of $586,000.

The Tammany Thieves.

NEW YORK, October 20.—Chas. O'Conor has associated with himself, W. M. Evarts, Wm. Evarts and Judge Emmet, as counsel in the prosecution of the frauds in the municipal Government. Samuel J. Tilden was present at a conference between the Attorney General and O'Conor concerning the suits. He believes the proceedings will be successful. Tweed will probably be first attacked. It is believed the evidence against him is very strong and is based upon the Broadway Bank disclosures. The repeating business going on will have special attention of the reformers. The most summary measures are to be taken against operators of this class. The grand jury had the case of Mayor Hall under deliberation yesterday. Subpœnas were issued for witnesses. The Young Men's Democratic Reform Association is just established. Sheriff Brennan has deserted Tammany. The provocation was the admission of the Dowling delegation to the Senatorial Convention on an equal footing with the Brennan delegation. The nomination made late night by the Democratic Reformers met with approval by Republicans generally. The *Times* and *Tribune* support Hon. Sigel's nomination as a concession to the Republicans.

There is a revival of the rumor that Controller Connolly is to be impeached.

BY ATLANTIC CABLE.

London Dispatches.

LONDON, Oct. 20.—Earl Granville, in a speech at Manchester last night, expressed a feeling of pride over the *Alabama* negotiations and their result. He regretted the suffering in Chicago and thanked the American Government for suppressing the Fenian raid.

The *Times* this morning believes the jealousy of England is extinct in the United States.

Subscriptions received at the Mansion House for the relief of Chicago amount to thirty-three thousand pounds.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 20.—W. H. Sears, to-day brought suit against the Pioche mining company of Nevada, for $100,000, for ore taken from the mine. The suit involves the question of title to the mine, which is claimed by Sears and his associates under a location made in 1864. A suit for the same itself to be brought in Nevada.

The sales of pictures contributed to the Chicago relief fund by Mrs. Selim Woodworth, to-day realized $1,850, of which $350 was paid for Mollig's picture of the "Forgers," and $200 for the "Bavarian Peasant Girl." A small silver brick vase of wax flowers, a small silk rug and afghan and shell work brought altogether $122 50.

A telegram says the bark *Delta*, from Newcastle, England, with coal for San Francisco, is ashore near Calais, France, and will become a total wreck

The Daily Oregonian.

SATURDAY MORNING, OCT. 21, 1871.

Monopolists and Plunderers.

If a protective tariff be an odious scheme of public robbery, it would seem strange that it has the sanction of all the greatest men the country has produced. Among our eminent statesmen the free-traders have not one illustrious name to cite in support of their theory. We are told that the man who urges protection of American industry is a "monopolist," an advocate of "class legislation," a supporter of a "scheme to rob the many to enrich the few." Then were Washington, Hamilton, Jefferson, Madison, Jackson, Webster and Clay, "monopolists" and "plunderers." They gave us the system they handed it down to us with the sanction of their names for its defense. The first notable act of our first Congress was a protective tariff act. It was approved by Washington on the Fourth of July, 1789, and was the declaration of our independence in trade and manufactures, just after the achievement of our independence in arms. The preamble was in these words:

WHEREAS, It is necessary for the support of Government, for the discharge of the debts of the United States, and the encouragement and protection of manufactures, that duties be laid on goods, wares and merchandise imported, etc.

We suppose that any one who should now introduce an act of this description in Congress, would find his ears assailed at once by cries of "monopolist," "plunderer," and the like elegant epithets.

No paper goes to greater length in this direction than the Democratic organ of Oregon. That paper professes to accept Jefferson as a political oracle from whose judgments there can be no appeal. Let us put Jefferson on the stand as a protectionist. In his first Congress, in 1802 he said:

To cultivate peace and to maintain commerce and navigation in all their lawful enterprises; to foster our fisheries, as the nurseries of navigation and protect the means of defense adapted to our circumstances,—these are landmarks by which we are to guide ourselves.

Again, in 1806, in anticipation of a surplus revenue from customs he said:

To what other objects shall these surpluses be appropriated, after the discharge of the public debt? Shall we suppress the imposts, and give that advantage to foreign over domestic manufactures?

He proceeded to say that on a few articles the impost might be abolished, but in regard to the great mass of them the "patriotism" of the people would "prefer its continuance and application to the great purposes of public education, roads, rivers and other objects of public improvement."

Nor did he stop here. In his message of 1808 he expressed his gratification at the results of protective policy and a hope that the manufacturing establishments that had been put in operation throughout the country would "under protecting duties and prohibitions, become permanent."

If the Democratic organ here wishes to call he father of its policy a "monopolist" and "plunderer" we cannot help it. Nor is it our fault if it puts Jackson in the same category; for Jackson was even more a protectionist than Jefferson, as we could show by quoting from the records of the country.

Ten Years Ago.

It is frequently asserted by the Oregon City *Enterprise* that "the Democratic party has not been in power during the past ten years in Oregon;" and this statement that paper wishes to stand as an answer to the fact that the expenses of the State under the present administration are five times as much as they were ten years ago. Nobody has said that the State has been under Democratic rule for the whole of the last ten years; but it is a fact that it was under Democratic rule ten years ago, and it is another fact that it is under Democratic rule now. And it is a further fact that the appropriations for carrying on the State government from 1870 to 1872 are more than five times larger than they were the appropriations for carrying it on from 1860 to 1862. Therefore the expenses under Democratic administration have quintupled in the last ten years, not including interest. Nor is there included in this statement of the expenses for the current two years any of the expenses incurred by the Woods administration. The simple fact is that to carry on the State government under Gov. Grover more than five times as much money has been appropriated as was appropriated to carry it on under Gov. Whiteaker. Any one can verify this statement by going over the items in the appropriation bills.

Just a Woodyard Ahead.

The following good story we believe has never before been in print:

Many years ago—in 1853—when Joe Lane was at Nesmith's beau ideal of a patriot, hero and statesman, the latter fell into a conversation with old man Wagnis, now of Salem, and then newly come across the plains from Indiana. Wagnis was an old friend and neighbor of Lane's in the Hoosier State, and hence became the subject of the conversation. Nesmith gave the reins to his fancy and waxed eloquent in praise of this "Marion of the Mexican war," as he then loved to call him. At last Nesmith asserted that Lane was a g... ..., a very great man.

This was too much for Wagnis' discriminating mind and he replied—"No, Sir, Lane is not a great man—not a very great man. We started in life together, and the advantages of birth and education were rather on my side. I studied law and was admitted to the bar in Indiana, while Lane took to flatboating and went to the Legislature. At this time I was regarded as his superior, but soon after he had the good luck to become the master of a woodyard on the Ohio river, *and he has kept about that woodyard ahead of me ever since!*"

Government Finance.

The management of the financial affairs of the United States, during the administration of President Grant, will receive the approval of every person who is not wholly governed by the prejudices of partisanship. The National debt is immense, and able financiers of Europe at one time expressed doubts of the Nation's ability to liquidate its obligations, and many of the leaders of the Democratic party of our own country have at times boldly advocated it repudiation. Notwithstanding these facts the masses of our people have ever fully believed that the debt could and should be paid, and the election of Grant in 1868 was an expression of the will of the people in favor of that policy. How well the administration has carried out the wishes of the people is fully shown by the following extract from a speech made by Secretary Boutwell at Cincinnati, on the evening of September 28th:

Financially, the result of General Grant's administration is this: That the public debt has been so improved that 6 per cent. bonds, which sold for eighty cents in coin, are worth to-day about 100; and that 5 per cent. bonds, which in July, 1868, sold for less than 75 per cent. are worth about par in the markets of the world. More than $250,000,000 of the public debt has been paid. The taxes have been reduced at the rate of 80,000,000 a year, and our financial condition at this moment is such as to justify the expectation that at the next session of Congress they may be reduced at least $30,000,000 more. Further, $200,000,000 of bonds bearing interest at the rate of 6 per cent. are being called in, and in their place an equal amount of bonds, bearing interest of 5 per cent., are to be issued, making a saving for the ten years of more than $24,000,000. The interest account has been reduced about $14,000,000 a year. The net expenses, excluding the interest on the public debt, pensions, bounties, the cost of the Internal Revenue Bureau, and all expenses resulting from the war, have been reduced from $173,320,371 77 for the year ending June 30, 1868, to $95,648,593 30 for the year ending June 30, 1871, thus showing the actual cost of the peace establishment to be less than one hundred millions a year.

Gov. Grover and ex-Senator Nesmith are reported to be hard at work to gain the seat in the United States Senate that will be filled by our Legislature next year. They are the rivals on the Democratic side for the position, and are said to be already sticking slivers in each others shins. Nesmith never had any respect for Grover, and Grover always disliked Nesmith. The contest will not be remarkable for friendliness and sanvity. Each of them, however, is giving himself a whole year of anxious trouble for nothing, for neither stands much chance of being elected.

The New York Democratic Convention seems to have been a shameful failure in respect to instituting a reform. The ticket nominated contains the names of present incumbents, with one exception, and the Tweed clubs in New York have indorsed the platform and ticket!

THE HOLLY SYSTEM.

We have already made mention of the report made by the Board of Police in the Fire Department of Chicago last March, touching the inefficiency of their system of fire protection, and their recommendation regarding the Holly works. Below, this part of the report will be found:

The question of water supply for fire and other purposes, is one that has continually been forcing itself upon us; we have been hoping to see some plan adopted, by which our water supply and hydrant pressure might be greatly increased, either by forcing the water directly from the pumping works, through the distributing pipes without the intervention of reservoirs, or by means of high reservoirs; in either case sending the water through this whole system of pipes, with sufficient pressure to convey water to the tops of the highest buildings. If this were done, the water supply would be increased, and fire engines would no longer be required, except one or two in the outer portions of the city, and the number of men and horses in the department could be very much reduced. Probably two hundred thousand dollars per year, of the expenses of the Fire Department could be thus saved. All the fire apparatus needed within the water district, would be hose carts, hook and ladder trucks, hose elevators and hose. The number of firemen would be diminished one-half. The number of horses would be decreased two-thirds, and two-thirds of the Fire Department expenses could be saved to the city. Our present water works, on March 31st, 1870, as appears by report of the Board of Public Works, had then cost $3,677,402 57, and the total amount of operating expenses for that year had been $390,144 09, which had been paid by the income from the water rates collected from property owners, and then there remained a surplus from water rates of $86,824 15.

The average daily number of gallons pumped for one year, was 18,033,278. The number of miles of pipe laid in the city at the date of said report, was less than two hundred and forty.

Now, it strikes us that our Water Works have been altogether too costly, when we consider that the water lies in inexhaustible quantities at our feet. We believe the lake tunnel cost about $350,000, and that the money was well expended. In respect to the plan of pumping the water and distributing it, the cost is greatly disproportionate to the benefits conferred, and to that of many other cities. Two years ago, the city of Peoria contracted to have the Holly system of water works put into her city. The whole cost of substantial pumping works, with the capacity of six millions gallons daily, thirty miles of pipe, ample fire hydrants, and every thing needed to make the works complete, was less than $100,000. The water, as we have witnessed, is pumped from the lake, and without the intervention of standpipe, or reservoir, is forced through the whole system of pipes to the tops of the highest buildings; and in case of a fire alarm, the pressure is increased, so that the few men composing their fire department, attach a couple of lengths of hose to each hydrant near the fire, and are sure of a powerful stream of water, which will reach to the top of the highest building in the city. Upon the completion of these works, the city sold their steam fire engines, having no further use for them, and thereby reduced their fire department expenses to almost a nominal sum. Last year, the Peoria water works pumped 2,054,794 gallons of water daily, and the cost of the same was $10,000; adding to the cost of pumping, the interest on the cost of the water works, say $6,000, total annual cost of water supply for Peoria, $16,000.

Chicago pumped eighteen and two-thirds millions daily, about nine times as much as Peoria, at the cost of $390,000 per year, this being over twenty-four times as much as the annual cost of the water used by Peoria. The Chicago system makes it necessary to maintain a large fire department, the current expenses of which amount to near $300,000 annually, also involving the expenses of purchasing and holding real estate of the value of $100,000, apparatus worth $300,000. The Holly or Holly system would save our fire department $200,000 annual current expenses, and give a better supply of water for the upper stories of buildings, so that the actual cost of the water works to the city of Chicago, is really about $600,000, annually. It is said that water works like those of Peoria may do for small cities, but cannot be enlarged sufficiently, to meet the requirements of a great city like our own. Whether or not the objection is valid, no one yet knows, as neither we or any other large city have tried the experiment. But it is tolerably clear to us, that four such sets of works, having in the aggregate a pumping capacity of 24,000,000 gallons daily, would furnish all the water required by our city for several years to come, and new works of the kind could be established from time to time, as required. All but the oldest and weakest of our present water pipe could be used with the Holly works, and $400,000, or two-thirds of the annual yearly expenses of the present system, would pay the whole cost of the four sets of Holly works; the annual cost of working and the interest on the cost of which judging from the experience of Peoria, would be but $64,000, instead of $600,000, the present annual cost.

The *State Journal* says that O. Noble, of Lane county, is about to engage in an enterprise which will certainly be of great benefit to the whole country lying between Sports' ferry and Albany. It is the intention to take water from the McKenzie river and run it into the Muddy, furnishing Halsey, Shedd's Station and the country generally through which it passes, with water, and finally, perhaps, running it to Albany.

A curious observer in St. Louis has discovered that men and boys invariably run the heels of their boots and shoes over outwardly, while women and girls run theirs over inwardly. Out of one hundred and forty-seven men and boys that passed the observer at a given point, this fact was true in every instance; out of sixty-seven women that passed, it was true in every instance but one.

The first cargo of wheat destined directly for Europe has started from Dublin by steamer. It will go via Welland Canal to Ogdensburgh; thence by rail to Boston, and thence by vessel to Europe. The cargo includes about 10,000 bushels. Another vessel of the same line will take another 10,000 bushels, whose ultimate destination is fixed for Europe.

S. T. 1860—X.

THE GREAT WORLD TONIC!

PLANTATION BITTERS

This Wonderful Vegetable restorative is prepared from pure St. Croix Rum and Calisaya Bark, known the world over as possessing wonderful tonic properties. As a Tonic and Cordial for the aged and languid it has no equal.

PLANTATION BITTERS

Just the thing for the morning lassitude and depression of spirits caused by late hours and what is called fashionable dissipation.

PLANTATION BITTERS

Of all the appetizers it is the most infallible, and the impulse which it imparts to the digestive functions soon puts Dyspepsia to flight.

PLANTATION BITTERS

It is the foremost remedy of the age. The specific of every species of debility, general or local, constitutional or casual.

PLANTATION BITTERS

A wine glassful taken half an hour before breakfast, dinner or supper, quickens the flow of the gastric juice, and thereby provokes hunger.

PLANTATION BITTERS

By its use I dispose of three good square meals per day, with a good relish, have no pains and have gained sixteen pounds in eight weeks, sleep well, and consider myself a healthy man."

PLANTATION BITTERS

Taken moderately, three times a day, will give you strength, health and a cheerful and contented disposition.

PLANTATION BITTERS

Will give rest and quiet to those who cannot sleep, from unsatisfactory condition of their affairs.

PLANTATION BITTERS

Will restore tone and vigor—just the thing for mothers nursing.

PLANTATION BITTERS

"Well, they cured me of every distressing symptom in ten weeks and you had better follow my example.

PLANTATION BITTERS

If you want pure, rich and electrical blood—blood that gives tone to the system, the "rose tint of health" to the cheek.—Try it.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of the southern rivers and swamps, will not be without out.

PLANTATION BITTERS

Which is the cheapest? A dollar bottle of Plantation Bitters, or a physician at two dollars a visit?

PLANTATION BITTERS

The value of such an antidote cannot be expressed in words."

PLANTATION BITTERS

Will restore the vital energy, repair indigestion, and correct the sluggish circulation of the blood.

PLANTATION BITTERS

Is an unequalled invigorating cordial for the aged as well as for the young.

PLANTATION BITTERS

Is unsurpassed for weak and delicate persons, on their requiring a gentle stimulant.

PLANTATION BITTERS

"I began taking your Bitters the next day, and am perfectly happy to tell you that they have completely restored my health, strength and cheerfulness."

PLANTATION BITTERS

"I find nothing so good for headache and languor to which my daughters are at times subject! It gives them a splendid appetite, and they eat like pigs."

PLANTATION BITTERS

"By advice of my physician, soon after my baby was born I commenced taking them, and they have done me so much good."

PLANTATION BITTERS

Are sold everywhere.

CITY ITEMS.

ST. HELENS MATTERS.—Our St. Helens correspondent, under date Oct. 20th, sends the following:

The Good Templars in this place, after a recess to recuperate, have come forth with gigantic strides and King Alcohol is fast yielding their prowess. The good work is moving on—God speed it.

This item brings to mind the solution of the water problem. The coincidence is such that we are forced to the conclusion that to the efforts of the above Order here do we owe the fact that vessels now pass over the Columbia City reef—lately erroneously called St. Helens Crossing—with impunity, when but a short time since they were all attaching themselves, to the ruin of real estate. Coupling the dates and the fact that lots of water is now necessary to mix the toddy, the inference is almost irresistible, so you Portlanders give the good cause a lift. There is but one other sense for the fact, and that is the sudden and fearful decline in real estate in the vicinity. Lots that lately were held at $10,000, now are offered at $100—or less.

There is a great deal of building going on here lately, to what extent I am not able to say, but one thing is certain, we can show our share of them, and judging from results, the most of them are worthless, principally from the fact that the dear people wont subscribe.

From present indications about here the coming best business is likely to be—run into the ground and for what we know, it may be later before "forging ahead" in real estate, providing it don't decline, which is more.

A MILE OF STENCH.—There has been frequent mention made of the indescribably sickening stench arising from under the wharf at the foot of Morrison street, and the sewer has been a thing of sand times duly anathematized. A few days ago the Street Commissioner with a number of the Committee on Streets and Public Property, went under the wharf to examine the condition of the sewer, and they soon found that the principal cause of the stench was not the sewer, but the rotting and steaming piles of offal and garbage under the hotel. The attention of the proprietor, who had complained about the sewer, was called to this fact. We notice that the proprietor of the Russ House, adjoining, has commenced the removal of that portion of the nuisance which existed under his house. The

CITY.

St. Helens Matters.—Our St. Helens correspondent, under date Oct. 20th, sends the following:

The Good Templars in this place, after a short season to recuperate, have come forth with gigantic strides and King Alcohol is fast yielding to their prowess. The good work is moving on—God speed it.

This item brings to mind the solution of the water problem. The coincidence is such that we are forced to the conclusion that to the efforts of the above Order here do we owe the fact that vessels now pass over the Columbia City real estate (erroneously called St. Helens Crossing) unmolested, when but a short time since they were all attempting themselves to the said real estate. Coupling the dates and the fact that less water is now necessary to mix the toddy, the inference is almost irresistible; so you Portlanders owe the good cause a lift. There is but one other cause for the effect, and that is the sudden and fearful decline in real estate in that vicinity. Lots that lately were held at $10,000, now are offered at $100—or less.

There is a great deal of incorporating going on here lately—to what extent I am not able to say, but one thing is certain, we can show our share of them, and judging from results, the most of them are worthless, principally from the fact that the east people wont *subscribe*.

From present indications *about here* the steamboat business is likely to be run into the ground, and for what we know, it may be into the foreclosing *real estate*, providing it don't decline any more.

A Mile of Stench.—There has been frequent mention made of the indescribably sickening stench arising from under the wharf at the foot of Morrison street, and the sewer has been a thousand times duly anathematized. A few days ago, the Street Commissioner with a member of the Committee on Streets and Public Property, went under the wharf to examine the condition of the sewer, and they soon found that the principal cause of the stench was not the sewer, but the rotting and steaming piles of offal and garbage under the hotel. The attention of the proprietor who had complained about the sewer, was called to this fact. We notice that the proprietor of the Ivy House, adjoining, has commenced the removal of that portion of the nuisance which existed under his house. The proprietor of the International ought to be required to do the same thing on his premises. At the same time the City Council ought to adopt some plan for the general cleaning of the city front. Some officer ought to be endowed with ample and clear authority to enforce such cleaning process. There is mile of the front that is almost a continuous pile of filth, the stench from any part of which is horrible. The sewers emptying far above low water line, add to the general sum of the stinks the garbage, offal and all manner of dumps from kitchens and streets. For decency's sake, for any sanitary reason, let this abominable nuisance be abated.

Special Church Notices.—Quarterly meeting will be held for East Portland M. E. Church will commence this afternoon at 2 o'clock, with public preaching by the Presiding Elder, Rev. William Hoyt.

The Public collection on Sabbath evening (to-morrow) at the Taylor street M. E. Church, will be for the special benefit of the Wisconsin sufferers. Give something; give cheerfully; give all you can.

The North Portland Sunday-school, lately organized at the skating rink, will be held next Sunday at 9:30 A. M., and hereafter until further notice in the recitation room at the North Portland School House.

At the Evangelical Lutheran Church, corner of Fifth and Taylor street, services preparatory to the Lord's Supper will be held this evening at half past seven o'clock—German.

Seconds our Motion.—The special correspondent of this paper from the State Fair, took the ground that the State Fair managers ought to make a reform in the matter of admitting the herd of shows—most of them debasing in their influences—to the Fair ground. The *Advocate* seconds the motion in the following terms: "The Directors of this State Institution need also to heed the lesson that no possible good whatever results from the admission of circuses, theatres and the thousand and one shows of the evil one for mere excitement and amusement, which annually infest the enclosure when permitted; but that enticement to these places often leads, but to the bewilderment of the moral sense in the case of young persons especially, who may thereby be led to irretrievable ruin, forever lost to the State, the world and to God. We look to see a radical reform in this regard, hereafter."

Detained Letters.—Letters to the following names are detained in the Portland Postoffice on account of failure to prepay postage:

Fowler, Mrs. ; Portland, Oregon.
Wilmot, H.; San Francisco, Cal.
Metzger, F. D.; Portland, Oregon.
Goodman, Alex.; Pekin, W. T.
Cone, J. P.; Willow Creek, Oregon.
Fryer, Carrie; Astoria, Oregon.
Magee, Mrs. J. L.; West Portland, Oregon.
Chapman, Thos. J.; New York City.
Hay, J.; Salem, Oregon.

Mutineers To-night.—The Wallamet Literary Society will hold a regular meeting this evening, at the usual place.

There will be a regular meeting of Baker Post No. 1 at its hall, corner Madison and First streets, at half past seven o'clock this evening.

All members of the St. Vincent de Paul Society are required to be in attendance at the meeting to-morrow afternoon at half past four o'clock, as business of importance will be transacted.

Races.—On Thursday, at the Riverside track, Ater's "Mack" beat Richmond, mile heats, 2 in 3, in the first and third heats—time, 2:57 and 3:01. Yesterday there was a trotting match between Pat Smith's "General" S. E. Lindsey's "Mr. Maynard" and J. J. Welsh's "Mollie," mile heats, 3 in 5. General won the race in two straight heats—time, last heat, 2:49½.

St. Vincent de Paul Society Fair.—The *Sentinel* corrects an error into which we fell as to the time when this Fair is to be held, saying, "the real Fair to be held in aid of the St. Vincent de Paul Society of this city will be held on the 23d, 24th and 25th of November, 1871, and not on Monday, Tuesday and Wednesday next, as the Oregonian announced in last Tuesday's issue."

U. S. Circuit Court.—The argument upon demurrer in the case of Weeks et al. vs. Ladd et al., in the U. S. Circuit Court, was concluded yesterday and the demurrer submitted. The defendants were allowed twenty days to file printed briefs and the plaintiffs twenty days thereafter, to file briefs. The Court adjourned till next Monday.

Fair at Vancouver.—The *Sentinel* says: "The Sisters of Providence at Vancouver, W. T., intend, on the 25th, 26th and 27th inst., to hold a Fair at that place, to raise the funds so much needed to enable them to give the care the orphans, boys and girls, under their charge, require."

A Benefit Tendered.—Mr. O. B. Plummer wishes a note saying that he will give a reading in the Unitarian Church next Monday evening, the entire proceeds to be donated to the sufferers by fire in Wisconsin or at Chicago, as may be thought best.

Personal.—Mr. Hugh Small, correspondent of the *Bulletin* and other papers, will leave by the steamer this evening for San Francisco. He proposes, however, to visit our State again to the course of a few weeks.

The First.—Messrs. Bailey & Long on Thursday opened a grocery store at the corner of Fourth street and the Avenue, in Holladay's Addition. Another is to be opened soon near the foot of the avenue.

Mt. Tabor Speaks.—The people of Mt. Tabor School District have raised $60 for the Chicago sufferers, and the amount has been placed in the hands of Mr. E. J. Northrup.

Fair and Festival.—The ladies of the Evangelical Lutheran Church of this city, will give a fair and festival, about the 20th of next month.

School Contribution.—The pupils of Bishop Scott Grammar School yesterday contributed $80 to the Chicago Relief fund.

THE GREAT CHICAGO AID CONCERT

FIFTEEN HUNDRED PEOPLE PRESENT—THE PROCEEDS VOTED TO THE WISCONSIN AND MICHIGAN SUFFERERS—AN ALARM AND STAMPEDE—A SCENE OF TERROR—WINDOWS AND DOORS BROKEN OUT.

The great concert in aid of the sufferers by the late fire at Chicago which came off last evening at the Pavilion was a very creditable affair, though the audience was hardly so full as had been hoped. Thirteen hundred tickets were taken at the door, and the number present, including the performers, was near fifteen hundred. There was room for more. The proceeds will probably reach near $1,500, as many tickets were sold to parties who did not at end and many who were present had purchased several. The performance, we think, was entirely satisfactory. A number of the pieces were encored, the audience thus attesting its pleasure and approval. Considering the very brief time given to the preparations for such a concert, its success in point of artistic excellence, was a flattering proof of not only the adaptive talent of our city's musicians, but of the executive ability of Mr. Wyatt, the conductor.

The Proceeds Voted to Wisconsin and Michigan.

In the interval between a couple of pieces, in the Second part, Mayor Wasserman, Mr. James O'Meara and Mr. R. R. Thompson appeared upon the stage, and Mr. O'Meara addressed the audience in behalf of a proposition to give the concert's proceeds to the sufferers by the terrible fires which lately ravaged several counties in the northern part of Wisconsin and Michigan. He explained that those people were more sadly in need of our charities than were those of Chicago, inasmuch as they had, equally with the latter, lost everything, and were even more helpless because more isolated and inaccessible to immediate succor. The people of Chicago had already received much, and would very soon, through the concentration of the energies of the wealth of the country, have the means of self support, while the people of Northern Wisconsin and Michigan had received, as yet, but little help, and could not hope for present or near relief except through pure and simple charities. Upon the conclusion of his remarks, Mayor Wasserman took a vote of the audience as to whether they would divert the proceeds to the benefit of the Wisconsin and Michigan sufferers, and the vote was nearly unanimously affirmative.

A Panic from Fear that the Building was Giving Way.

During the performance of one of the pieces in the first part, some boy rougher on the outside amused themselves by throwing stones upon the roof. As one of these stones struck the roof and rolled down with a louder noise than usual, Mr. Wyatt, the conductor, started quickly toward one of the windows at the side with the purpose of ordering the boys away. The audience, at this instant, seemed to be seized with the impression that the building was breaking down (it had once fallen when in an incomplete state, and everybody seemed to remember it nervously). Instantly, almost every person in the hall rose and made a rush to get out. The sliding doors opening inward were at once blocked and were only opened by the throng pressing forward and crushing them sheer through outward. While the doorway was thus blocked several persons began to break the side windows and to effect an exit that way. One man broke a window with his cane and jumped. Others made a clean leap against them and went out carrying the sashes and glass. At one window, toward which there was a strong pressure, several men who were vainly trying to stay the crowd and allay the alarm, were forced clean through the window and out upon the ground. The breaking of sash, rattle of glass, crashing of benches, etc., served to increase the alarm by deepening the impression that the building was breaking down. There was little time for indecision; and there were too much alarm, noise and wild excitement to allow the more self-possessed persons in the audience to be heard. A score of men who knew the building to be entirely safe and who understood the cause of the alarm, vociferated appeals to the excited crowd to become quiet, as there was no danger; but it was some time before this had the least effect. The crowd finding, however, after the lapse of a few moments that the building was not falling, began, at first to desist from performing dying tra-jectories out of the windows, then to cease their rush for the door, and finally to become calm enough to resume their seats. Several hundred men, women and children had gained the outside, however, while the stampede lasted. Of these many went immediately home. Others—a large crowd—stood for awhile about the door, and after awhile began again to enter the hall. Several persons received cuts and bruises from going through the windows and a few were considerably jammed by the crowd in getting out of the door; but we did not hear of any particularly serious injuries sustained. As soon as comparative quiet was restored the musicians went on with their programme, but there was still much uneasiness in the audience, and the constant bustle and coming and going greatly marred all the remaining part of the concert.

EAST PORTLAND.

[From the Democratic Era.]

The citizens of this city are contributing liberally to the fund for the relief of the sufferers in Chicago and Wisconsin.

Mrs. Pierce of this city has a child four months of age, which she desires to give away to some childless parent.

Plummer, the humorist, will give one of his inimitable readings at Odd Fellows Hall, East Portland, to-morrow evening, October 21st, commencing at 7½ o'clock.

The combustible nature of the material of which the majority of the business houses and residences in this city are composed, would seem to suggest the necessity of at once procuring the necessary appliances to extinguish a fire, should such a thing unfortunately occur. The recent improvement of our streets will facilitate the handling of a machine, and there can be found plenty of young men willing to organize a first-class fire company provided they be furnished with the necessary machinery for that purpose. A light *per capita* tax on the people would be the means of saving loss and destruction of valuable property in time to come. "A stitch in time," &c.

At the last meeting of the Board of Trustees, Gideon Tibbetts was re-elected a Trustee. A petition for a change of grade and improvement of J street was referred. Bills to the amount of about $8,000 were ordered paid. An ordinance forbidding fast driving on bridges was ordered printed. An ordinance relating to the improvement of Second street from J to B, was referred. The assessor was directed to make out and submit the roll for 1872.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

[From the Advocate.]

Rev. G. W. Kendy spent Wednesday evening and Thursday last in our city.

Rev. John Spencer and wife returned on Tuesday evening last from a protracted meeting to their former home near Pittsburg.

Rev. W. I. Cooper, of Vancouver charge, reports progress with the new parsonage and growing interest in religious matters.

Oregon Presbytery of the Cumberland Presbyterian Church, stands adjourned to meet in the C. P. Church, in McMinnville, Yamhill county, on Wednesday, 1st day of November.

Up to Thursday evening conversions have continued to take place at almost every meeting held at the Taylor street M. E. Church. More than sixty up to this date have professed to experience a change of heart, and the meetings are continued with no loss of interest.

The *West Side* says the new M. E. Church of McMinnville will be dedicated the fourth Sunday of this month. Rev. H. Caldwell, pastor, desires the members of the Church to set apart the Friday previous, as a day of fasting and prayer. Revs. Stratton and Driver have been invited to be present. Two days, Saturday and Sunday, meeting will be held.

LOCAL BREVITIES.

House breakings and robberies are again becoming frequent.

Of all the vast throng of dogs in this city only 112 are licensed.

The receipts of Greene & Knott's saloon for Thursday, donated to the Chicago sufferers, amounted to $175.

Most of the hotels are again running free coaches to and from their houses for the steamboats and cars.

A. J. Hubler, Coghill & Cooper, Dr. Hawthorne and J. Peters, contributed the sum of $53 for the Chicago sufferers.

The Coghill & Cooper Minstrels played at Oregon City last evening and will appear at Oro Fino to-night.

We learn that the proprietors of the Skating Pavilion intend to put in a new floor soon, which will be gay for the skaiters.

Sailed.—The bark *Bird* was towed down the river yesterday by the steamer *Ohanagan*.

BOOK NOTICE.

"A Life of Jesus Christ" by Henry Ward Beecher, is among the notable new books of the day. Mr. R. Bull is now in Portland soliciting subscriptions for it. A reviewer says that the thing which first impresses one is the maturity of the work, both in its conception and execution. It is not a book of theoretical fancies. The author has brought all his powers in their maturity and strength to produce a work that may fitly represent the labors and results of his life. Such a book will be widely sought for by the hosts of Mr. Beecher's admirers. It is got out in several different styles to suit all tastes, and at prices varying from $5 50 to $18.

Lost.—Mr. Jos. Meagher, one of the ushers at the concert last night, lost a gold watch chain during the prevalence of the alarm, it being torn from its fastenings by the crowd in which he was caught near the door. The person who found it will confer a favor by leaving it at this office.

Another Offer of Aid.—Swan & Jones of the Oyster Depot on Stark street, will give the sales from their stand on Monday to the Chicago fund. Mr. A. Wing furnishes the oysters, and Swan & Jones serve them up in all styles.

BUSINESS NOTICES.

"A Policy of Life Insurance is the cheapest and safest mode of making a certain provision for one's family.

"It is a strange anomaly that men should be careful to insure their houses, their furniture, their ships, their merchandise, and yet neglect to insure their lives; surely the most important of all to their families, and far more subject to loss." *Benjamin Franklin.*

"The New York Life is generally admitted to be the most eligible and prosperous of the great life corporations of the Nineteenth century."—*Insurance Times*, New York.

Insure with the New York Life.

NOTICE.

Dr. Andre hereby informs his patients that he has returned to Portland, and that he can be found at his new apartments corner of Third and Morrison streets.

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Livor, Spleen, Hepatic Colic, Painful Cachexia, Albuminuria, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at O. H. Woodard & Co.'s Drug Store, Front Street, Portland.

A Word to the Wise is Sufficient.—Do it known to the People of Portland and the surrounding country, that at the extensive clothing establishment of Kohn & Fichel, 91 Front street, they are selling new and stylish goods for Fall and Winter wear at prices that are astonishingly low. Call at this House and examine the large stock of Clothing and Furnishing Goods. You will come away satisfied.

At J. O'Neil & Co.'s, 93 First street, can be found the finest and largest stock of Clothing and Gents' Furnishing Goods in the city. The celebrated Star Shirt, a full supply, and the *Guanoco* Umbrella, the latest and best article out to keep off the Oregon mist. A look through J. O'Neil & Co.'s stock will benefit those investing. They sell at marvelously low figures.

Barman, the Clothier, has removed to his old stand, between American Exchange and Cosmopolitan Hotel, river side of Front street.

Barman, the Clothier, removed opposite Wasserman & Co., Front street.

Barman, the Clothier, removed opposite L. Goldsmith & Co., Front street.

Barman, the Clothier, removed nearly opposite L. White & Co., Front street.

Barman, the Clothier, will sell only the best made Clothing, and Cheaper than heretofore. I have reduced my expenses $2,000 a year, which enables me to sell Goods in my line at a very small profit, and you may rest assured it will be done. So please give me a call, between the American Exchange and Cosmopolitan Hotel, opposite Wasserman & Co. and L. Goldsmith & Co., River side Front street.

WILLIAM DAVIDSON,
REAL ESTATE DEALER.
Office, No. 64 Front Street,

An Anchor to Windward.

It is good seamanship, when there is reason to expect heavy weather to drop an anchor to windward.

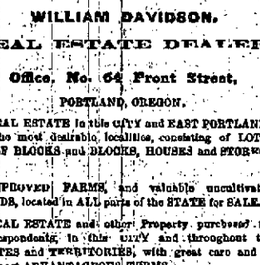
We are in the midst of the season of chills and fever. The sure preventive of this distressing malady is Hostetter's Stomach Bitters. A course of that wholesome vegetable tonic will render an attack impossible. Take the hint and *drop an anchor to windward.*

Weak stomachs are most liable to be disordered late in the autumn when the changes of temperature are marked and frequent. Hostetter's Bitters fortifies the stomach against the effects of these variations. Let dyspeptics make a note of the fact and *drop an anchor to windward.*

The liver is more sensitive when the weather is continually alternating between the warmth of summer and the cold of winter than at any other period of the year. This is peculiarly the season of such alterations. Let the bilious remember that Hostetter's Stomach Bitters is essentially an anti-bilious medicine, and drop an *anchor to windward.*

The wisest plan is to forestall evil. The next best thing is to arrest it. For disorders of the stomach, irregularities of the bowels, and all periodical fevers, take as soon as the complaint develops itself, Hostetter's Stomach Bitters.

THE GREAT
BLOOD PURIFIER.



An Infallible BLOOD PURIFIER, possessing rare TONIC and NERVINE properties—a certain cure for RHEUMATISM, GOUT, NEURALGIA, and all kindred Diseases.
It completely restores the system when impaired by disease, revives the action of the KIDNEYS and GENITAL ORGANS, radically cures SCROFULA, SALT RHEUM, and all ERUPTIVE and CUTANEOUS Diseases, gives immediate and permanent relief in DYSPEPSIA, ERYSIPELAS, Tumors, Boils, Scald Head, Ulcers and Sores; eradicates from the system all traces of Mercurial Disease.
It is PURELY VEGETABLE, being made from an herb found indigenous in California. It is therefore peculiarly suitable for use by Females and Children, as a BLOOD PURIFIER and RENOVATOR.
For Sale by all Druggists.
BEDINGTON, HOSTETTER & CO.
AGENTS.
529 and 531 Market Street,
San Francisco.

NEW YORK
LIFE INSURANCE COMPANY!
PURELY MUTUAL!
ASSETS.....$17,000,000:
ISSUED 9,025 POLICIES IN 1870.
Insuring Over $27,000,000!
WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.
AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—
1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.
2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.
3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.
4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.
5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.
6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums.* Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums.*
7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.
8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although equitably claims, are not legally so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company, to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.
GRANT & HARRIS,
General Agents for the Pacific Coast, 320 Montgomery Street, San Francisco.

REAL ESTATE
Now is Your Time to Invest.
STITZEL & UPTON.
REAL ESTATE BROKERS,
Corner Front and Washington Streets,
PORTLAND, OREGON,
Agents for the Sale of Blocks and Lots in
HOLLADAY'S ADDITION
TO THE
East Portland!
TO OUR PATRONS AND THE PUBLIC GENERALLY desiring to make SAFE and RELIABLE Investments in Real Property, we beg leave at this time to call your attention to this DESIRABLE TRACT, which has been subdivided into Blocks and Lots, and is now in the Market, to be sold in Alternate Lots and Blocks.
No one that has ever visited this body of land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any ever offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what is
Fair View of the City of Portland and Willamette River
Can be had. Another advantage this Property will have, is Freedom—no high water will ever affect the drainage of the city.
The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.
IMPROVEMENTS TO BE MADE:
Aside from all the Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses, also, Street Improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in permanent Improvements on this Addition the present season.
TERMS OF SALE—10 per cent. CASH down; deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.
NO QUESTION AS TO TITLE
The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife. United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Vaughn.
Parties desiring to invest will find Maps and Plats of the property at our Office, or at the Office of Messrs. FERRY, RUSSELL & WOODWARD, land other LAND AGENCIES in the city.
STITZEL & UPTON
Offer for sale a large amount of PORTLAND and EAST PORTLAND RESIDENCE and BUSINESS Property.
A large amount of choice FARMING LANDS, for sale, situated in Multnomah, Washington, Yamhill, Polk, Benton, Lane, Marion, Clackamas and other counties of this State. For PRICE LIST call at our Office.
80-Acre Lot for sale, adjoining Holladay's Addition on the east. Apply to Stitzel & Upton.
5 and 10-Acre Lots for sale, adjoining East Portland, on reasonable terms. Apply to Stitzel & Upton.
FARMS TO RENT.—We have a number of Improved Farms, situated in Washington county, from 14 to 20 miles of Portland.
WANTED.—At this Office, immediately, from two to three hundred Dwelling Houses, situated in Portland and East Portland. Tenants waiting patiently.

L. B. WAKEFIELD, P. M.

Business and Commercial.

Portland, Oct. 20, 1871.

Gold in New York, 112¾.

Currency, buying, 87½; selling, 88¼.

Our bankers report Gold fluctuating consequently are unwilling to purchase higher rates than the above quotations. It still is our opinion that the price of Gold will recede still further and remain down to a low figure.

The importation of manufactured goods into New York, by last mail advices, gives a marked falling off, while our exports show a large gain over former years and at higher rates. The price of Grain exported this year rules fully one-half, if not more, than last year, and the quantity exported also shows a large gain in the number of bushels. The price of Cotton exported this year rules at least one-third more than last year. The Petroleum exported shows a large increase both in quantity and value. The increase in provisions exported this year shows an increase in quantity of several hundred per cent, and a very large increase of value over that exported last year. The above is written upon the belief that the amount of increase in the exports of such caused by the destruction of large amounts by fire in Chicago will be counterbalanced by the amount of Gold to be drawn from Europe to cover insurance risks in Chicago.

Messrs. Howell, Flowerdew & Co. have chartered, to arrive, the barks *Sparkling Dee* and *Miss Graham* upon arrival to load wheat for Cork. They have their entire cargoes of both vessels secured.

The wharf being built at Astoria, for the use of the N. P. T. Co.'s steamers, in their passage to and from here, is fast nearing completion. It will be about 400 feet long.

Messrs. Bridge, Myers & Co. have loaded the *Miner of the Sea*, in San Francisco, with Oregon wheat. The last of the cargo went forward on the last trip of the *John F. Ray*.

On Sept. 30, 1871, there was in store at Chicago—

	bus. wheat.	bus. corn.	bus. oats.	bus. barley.
	1,617,685	1,920,620	1,644,340	419,924
	wheat.	corn.	oats.	barley.
	bus.	bus.	bus.	bus.
Rec'd from Sept. 20 to Oct. 7	743,000	629,000	684,000	220,000
Shipped from Sept. 20 to October 7	854,000	406,000	603,000	176,000

The average amount of wheat withdrawn for consumption per week is 44,000 bushels. As will be seen by the above table, the stock of wheat on hand in Chicago, at the time of the fire, was not so large as reported by telegraph, nor so large as estimated by us at the time of the fire.

From the leading grain paper in England, we obtain the following, as it is considered the best authority in Europe, owing to its admitting nothing to its columns unless proven beyond a doubt correct:

The British Corn trade has this season been, on the whole, quite in tune. Consumers, who have lately supplied their immediate wants, are now pausing. Similar transitions, from a state of great animation to dullness and the reverse, are likely frequently to occur this season. With prices ruling above the average, and so many uncertainties and doubts surrounding the future, and so many influences at work that p' rhy may happen, the trade appears resolved to act with redoubled caution. Speculation will be kept in check by the elevation of prices. As a consequence, the leading trade, and the rising value of money—the Bank of England lowest discount rate having yesterday been raised to 3 per cent.—the threshing process in the great divisions in the Wheat crop is becoming apparent. Weights range, as far as at present ascertained, from 54 to 64 and 65 lb to bushel and the yield in acre varies from 10 to 48 bushels and upwards, but the majority inclines towards the smaller rather than the higher figures. The actual yield of the 1871 British Wheat crop may be, what it may be, but it will not be known till threshing on an extensive scale will prove it incontestible facts. The estimated deficiency ranges from 10 lbs to 25 lbs. As average Wheat land in the British Isles is estimated to yield 28 bushels to the acre, or 1,792 and figures about 13,000,000 qrs, the average weight about 60 lb to bushel. Now, the best basis for forming an approximation, as well as of a crop has been supplied, for a series of years past, in the late B. Lawes, of Herts, in his letter of the 24 September, he states the results of this year's crop. His experiments have been made in a field which he now grows Wheat for 23 years in succession. The field is divided into various plots. In some, Wheat is grown without manure—others are manured with farm yard manure, and various plots with artificial manure, thus affording a criterion of the probable average, grown on various soils, and on different systems. The result has for this year been as follows:

Yield of Wheat per acre at Rothamsted (Herts).	Crop of 1871. 20 years.	Crop Average of 20 yrs.	Weight per bus. 1871.	Weight Average of 20 yrs.
	bus.	bus.	lb.	lb.
Without manure	14¼	14½	54 8-10	57 6-10
By farm yard manure	39	35¾	60	60 2-10
Means of 8 plots of artificial manure	28¾	36¾	60 6-10	63 9-10
Means (a) without manure (b) farm yard manure, and (c) one artificial manure combined	29½	32½	57 5-10	58 8-10

The greatest deficiency in the 1871 crop appears on the plot grown without manure, viz. 5½ bus, and on the plots with artificial manure, 8½ bus. But, it will also be noticed that the average with farm yard manure, which represents by far the largest number of British farms, is in 1871 actually above the average by about 2½ bus, and the weight 2 lbs in a full strawy. So that the actual deficiency is by no means so certain, as appears at present to be the general impression.

Taking 61 lb to bushel as the standard bushel weight, the 29½ bus. per acre at 57½ lb to bushel yield, combining breadth and weight, to 23 bus of 61 lb per acre, that is, 4 bus below the estimated aggregate average produce of the U. K. and therefore on this basis the deficiency in the 1871 Wheat crop is equal to about 14 per cent.

The food requirements for the next twelve months are variously estimated at from 8¼ to 13 million quarters, a wide range of nearly 50 per cent.

Now, the average imports of Wheat and Flour into the United Kingdom for a series of years have been 8,400,000 qrs per annum, reckoning Flour as Wheat. It, therefore, according to Mr. J. B. Lawes computation, based on experiments which have been tested now for so many years, and found generally accurate, the deficiency is about 14 per cent—we shall have to import (*ceteris paribus*) an excess of foreign Wheat over the average importation, equal to the 13 per cent deficiency.

The surplus imports required for the next year to the shape of Wheat and Flour would, therefore, on this computation, amount to 1,820,000 qrs, a quantity which, if consumption is not unduly interfered with by speculation, there will be no difficulty in obtaining, without impelling prices to famine point.

Merchandise Report.

WHEAT—Private dispatches received to-day give a falling market in San Francisco, and consequently buyers are not so anxious to effect purchases, even at less rates. We have heard of a sale of 6,000 centals at an extreme figure, so as to finish loading a vessel. Stock is said to be concentrated, and holders are demanding extreme rates, which shippers do not feel under advices to giving. We quote market at $2 30@2 35 per central sacked. Straight lots of extra choice can be placed higher, but not to such an advantage as the figs part of the week.

FLOUR—The market is becoming well supplied with standard brands. We noticed a large shipment of Commercial on the *Oriflamme* for Victoria. We quote standard at $7 50 per bbl for extra; $6 50@7 00 per bbl for superfine.

OATS—Demand in excess of supply, but no change, so far as we can learn, to note since yesterday.

POTATOES—Oregon still commands extreme rates, owing to their being of better quality than the California brought here. We quote jobbing rates for Oregon at $1 65@1 90; California, $ 25@1 80 per 100 lbs.

PROVISIONS—We quote jobbing rates: Bacon, 14½@15c; Ham, 16½@17; Shoulders, 11@12c; Lard, in kegs, 13@14c; in tins, 15@16c.

BUTTER—We quote jobbing rates from 30@37½c; solid, in firkins, 27@32c; rolls, 35@40c; Eastern, in firkins, 35c.

FRUIT—We quote jobbing rates: Dried Apples, 6@6½c; Peaches, 7@7½c in keg; dried Plums, pitters, 18@20c; unpitted, 6@7½c.

COFFEE—Quotable, owing to another advance in San Francisco, at 21@21½c per lb, in jobbing lots.

Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, Oct. 20.—Flour—Quiet and unchanged.

Wheat—Another vessel has been secured to load, but without revival of export. The demand of local millers is temporarily well supplied; hence the market is extremely dull, but firm at 82 50@2 80.

Barley—Sales at $1 95@2 02½.

Oats—Receipts still large; market dull at $1 85@1 95.

Hay—$16@22.

Corn—Mixed Nebraska, unkd, per railroad, $2.

Potatoes—Owing to the absence of supplies yesterday, Sweet sold to-day at an advance; choice, $1 50; other kinds, $1 25@1 37½; Tuquica, 90c; small Coffee's Cove, $1 05. Extreme for other kinds are 80c@$1 20.

Daily Receipts of Produce.

Per O. & C. R. R.—1,000 centals wheat, S & E, 200 centals wheat, C B O & Co; 200 centals wheat, K, 200 centals wheat, G A M; 100 bbls flour, 1,000 centals sundries; 9 boxes eggs, 1 kg butter, 180 centals sundries; A J H: 23 box eggs, 18 pkgs butter, 8 kgs and 223 centals sundries, J & J Johnson, 7,064 lbs bacon, Leveredge, W. & C; 165 sks flour, B & Co; 40 sks flour, E. & Co; 5 pkgs sundries, M & B; 3 kgs butter, T & S; 30 bales clover, G Bros.

Per *Oneonta*—10 pkgs leather, A O; 1 bale wool, 47 sks middlings, Leveridge, W & Co; 40 bdls, C; 15 sks wheat, 20 sks barley, E & Bro; 50 sks barley, H W; 110 sks wheat, S & E; 207 sks wheat, S B; 45 sks barley, J E M; 3 sks wheat, H P & Co.

Shipping Intelligence.

DOWN WITH MONOPOLY!

DRS. ABORN AND LORVEA NOWHERE!

Give the Working Man a Chance

The Greatest Discovery ever made by Man on this Earth.

RENNICK'S

Wahoo Bitters!

NEVER KNOWN TO FAIL IN CURING

Rheumatism, Neuralgia, Dyspepsia,

and all Affections of the

Stomach, Liver and Kidneys.

IT HAS CURED CASES WHERE THOUSANDS OF dollars had been expended to no purpose but filling the system with mercury, by practical or educated quacks.

Wahoo—(*Euonymus Atropurpureus*) a small shrub growing in many parts of the United States. The bark of the root is a bitter tonic, laxative, stimulating, diuretic, and expectorant, and is advantageously used in pulmonary affections, dropsy, constipation, torpidity of the liver, dyspepsia and intermittent fevers.

Read the Certificate of Mr. Thompson, of the Workingman's Boarding House, Front street, Portland:

PORTLAND, October, 4th, 1871.

I hereby certify that I am acquainted with the properties of the Wahoo Bitters, put up by S. J. Rennick. It is one of the best remedies for the Stomach and Blood in the world. In fact, it will cure Dyspepsia, Chronic Liver complaint, Chills and Fever, and has the advantage of not being intoxicating.

J. N. CUNNINGHAM, M. D.

This is to certify that I have used the celebrated Wahoo Bitters, and have known several other men in my house who were prostrated with ague and rheumatism, whom it has effectually cured. It acts on the liver and kidneys, surpassing anything I ever used.

J. R. THOMPSON, of Thompson House.

PORTLAND, Oregon, Sept. 12, 1871.

This is to certify that I have been sick with chills and fever for the last fourteen days, and have tried several remedies, and found them all to be humbugs, and was about to give up everything in despair. Mr. Rennicks heard about my case, and gave me a bottle of his Wahoo Bitters and I was relieved, or if by mistake from the hand of God.

A. ROLL,

Philadelphia Brewery, Portland, Oregon.

MCMINNVILLE, Sept. 27, 1871.

This is to certify that I have used Rennick's Wahoo Bitters for a good while, having been acquainted with the Wahoo bark for over thirty years, and when aided by other barks, known only to the Creator, it surpasses any medicine ever used for Ague, Chills, Fever and all affections of the Liver, Kidneys and Bladder. I have no hesitation in recommending it to the public. I am going on a visit to Illinois and take some with me.

E. J. WRIGHT.

ELLIS STATION, W. P. R. R., Sept. 24.

I give this of my own free will for the benefit of suffering people: I am fifty-eight years of age, born in Dilby, staffordshire, England, and a miner; suffered from rheumatism for years; have traveled with crutch and cane for the last two years, but I thank my God that Wahoo Bitters has made me a well man. No humbug about this. Experience has proved that Wahoo Bitters is king of all diseases. I recommend any person any way afflicted to try them.

OLD ARCHY BURTON.

Corral Hollow, W. P. R. R., Cal.

October 3d.

This is to certify that I have used Rennick's Wahoo Bitters, and can with confidence recommend it to all suffering from indigestion and all affections of the liver and kidneys.

JOHN STURGIS,

Front street, near sawmill.

PORTLAND, October 1st.

This is to certify that I have been afflicted for twenty years, and the more doctors' medicine I took, I became worse when the effects of the medicine was over. I had a dreadful pain in my side. The doctors said it was my liver, but, thank God, one bottle of the Wahoo Bitters made a change, and I believe it will make a perfect cure.

MRS SALLY J. L——

All orders directed through the Postoffice will be at once attended to. The Bitters will be carefully packed and delivered on any boat, properly.

☞ Orders filled by Express, or as directed.

PRICE—$3 per dozen, or $1 per Bottle.

Address F. L. RENNICK,

191 Front Street, Portland, Oregon.
